

Jithendra Puppala

jithendra.mail.me@gmail.com | +1(424)-944-2147 | New York, NY | Portfolio | LinkedIn

Education

New York University
M.S. Computer Science

New York, NY
May 2027

National Institute of Technology Karnataka (NITK Surathkal)
B.Tech. Computer Science and Engineering

Surathkal, Mangaluru, India
May 2023

Skills

- **Programming & Data Processing:** Python, SQL, C, Pandas, NumPy, Data Preprocessing, Feature Engineering
- **Machine Learning & AI:** Machine Learning, Deep Learning, Computer Vision, Large Language Models (LLM) Fine-Tuning, Semi-Supervised Learning, ARIMA, XGBoost, Random Forest, Time-series Modeling
- **Frameworks & Libraries:** TensorFlow, PyTorch, Scikit-learn, HuggingFace Transformers, OpenCV
- **Development & Deployment:** REST API Development, Django, Docker, Amazon Web Services (AWS, S3, EC2), Google Cloud Platform (GCP), MLOps, Flask
- **Data Analytics & Visualization:** Jupyter Notebook, Tableau, Matplotlib, Seaborn
- **Collaboration & Tools:** Git, GitHub, Linux, VIM, Anaconda, Google Workspace, Notion, Trello

Experience

Jio Platforms Limited
Data Scientist

Bengaluru, Karnataka, India
June 2023 – July 2025

- Improved **precision by 11%** and **recall by 14%** by building and deploying machine learning models for cattle heat detection using **time-series analysis** and **ensemble methods**.
- Integrated cattle heat detection models into production systems for IoT-based JioGauSamriddhi cattle monitoring devices, **contributing to 4x YoY revenue growth**.
- Developed and deployed **Flask-based REST APIs** for real-time inference in AWS cloud environments, serving ML predictions on live production servers.
- Engineered **ARIMA residual-based time-series** features to enhance model accuracy and interpretability.
- Optimized cattle activity detection pipeline, achieving **20x** faster execution and improved accuracy from **89%** to **93%** using **Butterworth filters**.
- Designed and deployed Streamlit operational dashboards integrated with analytics outputs, enabling **10x faster decision-making** for **200+** field agents.
- Collaborated with cross-functional analytics and frontend teams to ensure seamless integration of ML outputs into **production workflows**.

Accenture

Bengaluru, Karnataka, India

Advanced App Engineering Analyst - Intern

June 2022 – July 2022

- Conducted a comprehensive **observability** study to improve system monitoring, performance, and reliability across enterprise applications.
- Evaluated monitoring and logging tools by comparing their effectiveness for incident detection and root cause analysis.
- Presented findings and best practices to **25+** engineers, influencing the adoption of improved monitoring strategies.

Projects

MixMatch on Custom Dataset

Mar 2022 – April 2022

- Implemented **semi-supervised learning** using the MixMatch algorithm on a custom dataset to improve classification performance with limited labeled data.
- Achieved a **12%** better accuracy over baseline models by applying data augmentation and consistency regularization.

Generic Library Management System (Django)

Aug 2021 – Dec 2021

- Built a web-based library management system using Django, featuring book search, issue tracking, user authentication, and admin dashboard controls. Deployed locally using **SQLite**, **Bootstrap for UI**, and **Git** for version control.

Leadership & Achievements

- Finalist-Harvard Crossroads Emerging Leaders Program (CELP) - 2021
Selected among top **114** of **10,000+** global applicants for a leadership program organized by Harvard University.
- JEE Mains Rank: **2683** | JEE Advanced Rank: **6111** | All India ranks among **1,150,000** participants.
- Campus Director – Millennium Fellowship (UNAI & MCN) for NIT Karnataka.
Led SDG-aligned civic projects; mentored 15+ fellows; coordinated workshops and campus-wide engagement.
- Webinar Host – Competitiveness Mindset Institute Designed and facilitated student leadership webinar for **3** NIT campuses (NIT Karnataka, NIT Surat, NIT Rourkela) with **over 300 participants**; coordinated content and outreach.
